ONLINE SAFETY

At Prince Henry's, we take the issue of e-safety for students very seriously. The Internet is fast becoming an essential part of everyday life. The majority of students are competent users of a variety of online tools including gaming and social networking sites such as Facebook, and devices including smart phones and iPads.

As both parents and students need to be more aware of potential issues, please see the links in the blue box to a range of resources which will provide important information and helpful tips on helping your children stay safe online and provide you as parents with information on what you can do to protect your children whilst still allowing them to enjoy the vast resources that are on the internet.

Parents against
child exploitation

Pace works alongside parents and carers of children who are – or are at risk of being – exploited by perpetrators external to the family. We offer guidance and training to professionals on how child exploitation affects the whole family.
