

Level 3 Health and Social Care.

Exam Board: OCR.

The course title is Cambridge Technical Extended Certificate in Health and Social Care.

Specific Entry Requirement – GCSE Health and Social Care is desirable but not essential.

Course content:

This course will provide learners with the opportunity through applied learning, to develop core principles and specialist knowledge and understanding required in the health and social care sector.

The qualification is vocational taking a more engaging, practical approach to learning and assessment.

Students who have an interest in a career within this specific sector, such as Nursing, Teaching, the Police, the Probation service, the Justice system, working within a Nursery, will find this a rewarding and enjoyable course which leads to a high level qualification which maintains UCAS points that are equivalent to the out-going GCE qualification.

A range of modules will be covered, some mandatory and some optional which will be chosen linked to the specialism of the teaching staff. Modules include:

- Building positive relationships.
- Equality, diversity and rights.
- Health, safety and security.
- Anatomy and physiology.
- Nutrition for health.
- Psychology..

Teaching and learning styles will include observations, interaction with a range of clients, presentations and research.

General Information:

A total of 6 units will be covered over the two year course with 3 units being internally assessed as coursework and 3 units will be assessed as a written examination.
