

11th October 2021

To the Parent(s)/Guardian(s) of Year 9/Year 10 and Year 11 students

Dear Parent(s)/Guardian(s)

Covid Vaccinations – School Mop-up Session

This letter follows our recent communication regarding the Covid Vaccinations being offered to students in Year 9/Year 10 and Year 11 (12 to 15 year olds) by the Evesham Vale Primary Care Network (PCN).

The school has now been asked by the PCN to provide facilities for a 'mop-up' session for any child who wishes to have the vaccination but as yet has not been offered an appointment at their medical practice. The vaccination team will be in school on **Tuesday 19th October 2021** to administer the vaccine to any child for whom consent has been given and who has not already received the vaccination. If your child has already been given an appointment at the medical practice, they should attend that appointment as arranged. Vaccinations cannot be administered to any child who has received a positive PCR test within 28 days of the 19th October vaccination date.

Consent forms must be completed and taken by your child when they go to receive their vaccination, whether this is at the medical practice or in school. Vaccinations cannot be administered without signed consent.

In order to aid our organisation of the 'mop-up' session can you please complete and return the **slip below to the form tutor by Friday 15th October 2021** if you wish your child to have the vaccination in school and they have not already had it or been invited to attend an appointment at the medical practice.

Yours sincerely

Mr B Freeman
