

## **HOMEWORK: ECONOMICS**

### **KEY STAGE 5**

Work will be set for students after each lesson using Show My Homework. This is to be undertaken during Private Study and, if not completed in Private Study, at home. Tasks will vary but there will be an emphasis on students applying concepts learned in class to real life situations (usually case studies).

At least two substantive pieces of work per week will be set plus an expectation of reading research and note taking.

### **Sixth Form Private Study Tasks**

In addition to the tasks set in lessons, the Department have created a list of Private Study tasks. These are to be completed in addition to homework as they are designed to promote broader reading in the subject.
