

DTP/MEN ACWY Vaccination for Year 9 Students

<https://midlands.schoolvaccination.uk/dtp/2024/worcestershire>

Vaccination UK will be attending our school to provide the Teenage Booster Vaccinations to Year 9 students. Please see above the link to the E-Consent form where you can either consent or decline both vaccinations. Also attached, you will find more information regarding these vaccinations.

DTP/MEN ACWY protects against Diphtheria, Tetanus, Polio and Meningitis ACWY. These vaccinations are part of the childhood vaccination schedule, and your child should have already received 4 doses as a baby and at pre-school age. This is the fifth and final dose.

It is really important that all parents complete the E-Consent form. Even if the parents decline the vaccine, we still need the consent form completed. This will ensure that the child does NOT get vaccinated, and we do not have to continuously chase for consent forms. Should we not receive a consent form for a child, we will assess the child for Gillick Competency.

If you cannot access the above link, please contact Vaccination UK on 01527 390030 who will be able to take verbal consent over the phone or assist further.

Kindest Regards
Vaccination UK.
